## How to fill in the form ...

## Registration/pass for tools, materials and IT to be taken to CHEMPARK by specialist and external companies

In general: All fields not marked with "optional" are mandatory! If the information is incomplete, you will not be admitted to CHEMPARK.

Tools, IT equipment or materials may only be taken out of CHEMPARK if the ownership situation has been clarified beyond doubt. External companies bringing their own equipment must therefore register it before entering CHEMPARK. **The form is valid for one-time use only**.

The registering external company and the destination at CHEMPARK must be listed here.

The more clearly the items carried are described, the easier the identification and the faster the control. Please make sure that everything is complete! Items not listed may not leave CHEMPARK until ownership has been clarified! If there is not enough space, please use the supplementary sheet.

The registration/pass is valid only with signature.
