

# How to fill in the form ...

## Application for entry permit for external companies

In general: All fields not marked with „optional“ are mandatory!

Please specify the application. For transfers/changes or renewals, do not forget to enter the card number of the existing entry permit.

Enter the company name and - in the case of subcontractors - also the name of the company that originally received the job from a CHEMPARK partner company.

Should the entry permit be valid for a specific vehicle, irrespective of its driver? Then state the license plate number.

Should the entry permit be valid for a specific driver, regardless of the vehicle? Then state the name of the driver.

**IMPORTANT:** The permit is only valid in conjunction with a valid CHEMPARK ID card.

Until when should the entry permit be valid? If you select „unlimited“, the entry permit loses its validity at the end of your company's deployment in the case of vehicle-based permits or at the end of the driver's deployment in the case of personalized permits.

The application must be signed by an authorized person of the reporting company even if the entry permit is to be issued to a subcontractor.

Please fill in in PRINTED CAPITALS!

CHEMPARK entry permits are the property of Currenta GmbH & Co. OHG and must be returned to the ID card office without being asked after termination of employment. Once their validity has expired, permits are automatically blocked. The monthly statement for the permit is issued against a receipt at the ID office of Currenta GmbH & Co. OHG until the card is returned. If the entry permit is lost, a one-time service fee of €50.00 plus VAT will be charged per card. The permit may be withdrawn or blocked in the event of infringements of the safety and security regulations and/or the CHEMPARK traffic regulations and/or other regulations and laws.

Entry permits can only be collected in person, vehicle permits can only be collected by an authorized person from the company or the signatory of the application. An appointment is required for collection. You can make an appointment using the online tool either at [www.chempark.de](http://www.chempark.de) in the access section or directly via the link.
