Option for immediate issue of the vehicle entry permit for external contractors

☐ I would like to use the Quick Service for immediate issuance of the special permit by the ID card office, for which a charge is made.

If you use the Quick Service, the ID card office will prepare your special permit as quickly as possible. As a rule, it can be collected on the same calendar day, but no later than the next working day. Please refer to our current price list at www.chempark.de for the service charge. Please contact our service hotline to find out the expected completion time and arrange a collection appointment. Appointments can also be made at fremdfirmen.chempark.de.

CHEMPARK special permits and ID cards are the property of Currenta GmbH & Co. OHG and must be returned to the ID card office without being requested once the assignment has been completed. The ID cards are automatically blocked when their period of validity expires. The ID card will continue to be billed monthly until it is returned to the ID card office of Currenta GmbH & Co. OHG against a receipt. If an ID card is lost, a one-off service fee of €50.00 plus VAT will be charged for each ID card. The ID card may be withdrawn or blocked in the event of breaches of the CHEMPARK safety and site rules and/or CHEMPARK traffic regulations and/or other rules and legislation.

Vehicle entry permits issued to a named individual may only be collected in person. Vehicle- or department-specific vehicle entry permits may only be collected by an authorised person from the department/company or by the person who signed the application. An appointment is required for collection. You can make an appointment using the online tool either at www.chempark.de under the Access section or directly via the following link: www.qtermin.de/currenta-chempark

Guide to completing the application for a Vehicle entry permit for external contractors

Only the reasons listed here provide grounds for vehicle entry! Please select one.

The vehicle entry permit authorises vehicle entry only, not the bringing in and/or taking out of materials and/or tools! If, for example, the same tools are always brought in and out, a separate special permit can be applied for. This can likewise be issued for a specific vehicle or a specific employee.

Continue

For reissues/amendments, it is sufficient to provide the existing permit number and the data to be amended.

Data that is to remain unchanged does not need to be provided again.

Vehicle entry permits may be issued for a specific company vehicle and may then be used by any employee of the external contractor who drives that vehicle and personally holds an active CHEMPARK ID card. A vehicle entry permit may also be issued for a specific driver who holds an active CHEMPARK ID card. It then authorizes that driver to enter with any vehicle.

The vehicle entry permit can only be issued for one of these options.

Applications in which both boxes are ticked will not be processed.

For vehicle entry permits issued for a specific driver, the number of the existing CHEMPARK ID card must always be stated. The only exception is when a new application for a vehicle entry permit and a CHEMPARK ID card for an employee of an external contractor is submitted at the same time.

No explanations for page 2 (self-explanatory)
